SECOND CALL

30th ANNUAL CONFERENCE OF AGRICULTURAL ECONOMICS RESEARCH ASSOCIATION (INDIA)

on
**Institutional Changes for Inclusive and
Sustainable Agricultural Development**

Organized by

Division of Agricultural Economics &
Agri-Business Management
Sher-e-Kashmir University of Agricultural
Sciences and Technology of Jammu
(SKUAST-J),
Chatha Campus, J&K-180009

21-23 December 2022

About the Conference

The 30th Annual Conference of the Agricultural Economics Research Association (AERA), India will be held on the broad theme "Institutional Changes for Inclusive and Sustainable Agricultural Development" at the Sher-e-Kashmir University of Agricultural Sciences and Technology of Jammu (SKUAST-J), Jammu-180009, J&K, India during 21-23 December 2022 with the pre-conference workshop on 20 December 2022. Dr Rajeev Kumar, Former Vice Chairman, NITI Aayog will be the Conference President.

The Conference would be supported by many reputed organizations and associations including NABARD, IFPRI, ICRISAT, CIP, Agricultural Economics and Social Science Research Association (AESSRA).

About the Agricultural Economics Research Association (AERA), India

The Agricultural Economics Research Association (India), a registered society, came into being in 1987, and on date has around 1075 life members, 110 ordinary members, and 120 institutional members from India and abroad. Through its Journal, the Agricultural Economics Research Review (AERR), the Association contributes towards improving the quality of research in agricultural economics and rural development. To encourage young professionals, the Journal also publishes abstracts of the Master's and Doctoral dissertations in agricultural economics. Besides, the Association regularly organizes annual conference on the issues of contemporary importance, and also undertakes sponsored research in agricultural economics and rural development. The Association is now widely recognized for its professional contributions and credibility. Its journal Agricultural Economics Research Review is highly rated by the National Academy of Agricultural Sciences, New Delhi.

Conference Theme

The focus of the conference is to understand and assess the potential of agriculture and allied activities such as animal husbandry, dairying and fisheries towards achieving the Sustainable Development Goals (SDGs) and the role of institutional transformations in promotion of efficiency, inclusiveness and sustainability of agricultural growth. The conference is likely to be attended by the agricultural economists, policy makers, students and representatives of different organizations.

Institutions are the framework consisting of legal structures, customary rules, property rights, implicit or explicit contracts, and governance systems in which economic actors interact and factors of production are employed. In the context of imperfect information systems, the institutions are as important as market forces in determining performances and solving emerging non-economic problems. Simple, effective and inclusive institutions are central to achieving sustainable development goals. These are critical enablers of equity, efficiency and rational decision-making behaviour by individuals and other economic actors.

The role of institutions in agricultural development and poverty reduction has been well recognized. The importance of different institutional arrangements in managing natural resources and market behaviour has been equally highlighted in the literature. These arrangements can be seen for market transactions, contracts and market failures. While the theoretical aspect and generalities of institutional changes in agriculture are discussed in the literature, less has been deliberated on its empirical part. Broad themes to be covered in the Conference are given below:

Theme 1: Institutional Changes for Effective Agricultural Research and Technology Transfer

Theme 2: Agricultural Industry and Trade

Theme 3: Strategic and Policy Models for Inclusive and Sustainable Agrarian Development

Theme 4: IPR and Agricultural Technologies

The detailed outlines are circulated separately and also available on AERA website <http://aeraindia.in>

Special Session on 'Agricultural Transformation under One Nation-One Policy'

Jammu & Kashmir has a unique topography with diverse agro-ecosystems which allow production of many diverse and niche products. The agriculture sector in J&K needs policy push and facilitation to realize its full potential. With the abrogation of Article 370, J&K has become a part of the One Nation-One Policy, therefore, the theme for J&K's special session has been fixed as "Agricultural Transformation under One Nation-One Policy", for which lead papers, posters and session papers are invited on the following sub-themes. These will be presented during the session and will be published in a Souvenir.

Theme for the Special Session

- Structural transformation in J&K agriculture
- Technological innovations for productivity enhancement, resource conservation, resilience and income generation
- Policies options for inclusive agricultural development
- Importance of Nutri-cereals for improving nutrition security and human health

Call for Papers

Book Chapters and full-length papers are also invited to be published in an edited book with ISBN no. The full length selected research papers will be published in Agro-Economist: An International Journal (NAAS Rating - 4.58) covering thematic areas of the upcoming conference. The papers for above publications will be accepted through the e-mail aera2022skuastj@gmail.com on or before 30th November, 2022.

Presentation Mode

Overhead projector will be available for oral presentation and space will be provided for poster presentation.

- **Oral:** For oral presentations, the maximum time limit shall be 10 minutes.
- **Poster:** The Poster size will be 80cm(w)x110cm(h) in portrait format to be displayed on Board.

Conference Venue

Sher-e-Kashmir University of Agricultural Sciences & Technology of Jammu, Chatha, Jammu - 180009, U.T. of Jammu & Kashmir.

About the University

Sher-e-Kashmir University of Agricultural Sciences and Technology of Jammu (SKUAST-J) is a multi-campus university established in 1999 after bifurcation from the former SKUAST of J&K with its headquarters at Chatha, Jammu. Its territorial jurisdiction spreads to tropical and temperate region of upper reaches of Kathua, Poonch and Doda. The University is committed to impart quality education in agriculture and allied sectors and has grown manifolds. The varsity also undertakes initiatives for the development and dissemination of innovative technologies to serve the farming community

About the Place

SKUAST-J with its headquarter situated at the outskirts of the Jammu City is a serene and pollution free environment at Chatha, Jammu. The Faculty of Agriculture (FOA) at Chatha possess 231.2 ha area and Faculty of Veterinary Sciences & Animal Husbandry (F.V.Sc. & AH) at R. S. Pura has 84.13 ha area. The University has modern and state-of-the-art infrastructure. December month is cold and minimum temperature reaches below 8°C at Jammu district.

The participants have the opportunity to explore many tourists places including the famous Mata Vaishno Devi Temple.

How to Reach

Sher-e-Kashmir University of Agricultural Sciences and Technology of Jammu (SKUAST-J) is a multi-campus University with its headquarter located at Chatha, which is 5.2 km from Jammu Airport and 11 km from the Railway Station, Jammu, J&K. The Jammu city is well connected with the rest of the country through road, rail and air.
